

DE-BRIEFING

Have you identified any learning?

Consider:

- What worked well and what didn't work well?
- What do I need to feed into my local de-brief procedures?
 - Joint hot de-brief (where possible)
 - Single service de-brief
 - Multi-agency de-brief

To continually improve joint working the national Joint Organisational Learning (JOL) arrangements have been established to capture, share and act on interoperability lessons from past events. Lessons meeting the criteria below should be submitted:

- relate to emergency response interoperability from any of the agencies involved;
- had an impact on the effectiveness of at least two of the responding agencies;
- impeded successful interoperability;
- are known recurring issues; and/or
- if resolved could benefit other agencies therefore may have national impact.

AIDE MEMOIRE FOR ALL STAFF

Shared Situational Awareness

M	MAJOR INCIDENT	Has a major incident or standby been declared? (Yes / No - if no, then complete ETHANE message)
E	EXACT LOCATION	What is the exact location or geographical area of the incident?
T	TYPE OF INCIDENT	What kind of incident is it?
H	HAZARDS	What hazards or potential hazards can be identified?
A	ACCESS	What are the best routes for access and egress?
N	NUMBER OF CASUALTIES	How many casualties are there, and what condition are they in?
E	EMERGENCY SERVICES	Which and how many, emergency responder assets/personnel are required or are already on-scene?

Working Together – Saving Lives

V3.0

Principles for Joint Working

CO-LOCATE

Co-locate with commanders as soon as practicably possible at a single, safe and easily identified location near to the scene.

COMMUNICATE

Communicate clearly using plain English.

CO-ORDINATE

Co-ordinate by agreeing the lead service. Identify priorities, resources and capabilities for an effective response, including the timing of further meetings.

JOINTLY UNDERSTAND RISK

Jointly understand risk by sharing information about the likelihood and potential impact of threats and hazards to agree potential control measures.

SHARED SITUATION AWARENESS

Shared Situational Awareness established by using METHANE and the Joint Decision Model.

Joint Decision Model
