# Principles for Joint Working

## Co-locate

Co-locate with commanders as soon as practicably possible at a single, safe and easily identified location near to the scene.

## Communicate

Communicate clearly using plain English

## Co-ordinate

Co-ordinate by agreeing the lead service. Identify priorities, resources and capabilities for an effective response, including the timing of further meetings

## Jointly understand risk

Jointly understand risk by sharing information about the likelihood and potential impact of threats and hazards to agree potential control measures

## Shared Situational Awareness

Shared Situational Awareness established by using METHANE and the Joint Decision Model

# Shared Situational Awareness

If you are the first resource on scene of an incident – use METHANE to send a message to your control room.

**M**

**Major Incident declared?**

**E**

**Exact Location**

**T**

**Type of incident**

**H**

**Hazards present or suspected**

**A**

**Access - routes that are safe to use**

**N**

**Number, type, severity of casualties**

**E**

**Emergency services present and those required**

# Joint Decision Model
